Unibuddy is a platform that brings together „Student Ambassadors“ with prospective students from all over the world via online chat to provide them with information that goes beyond the official information provided by the respective universities. The platform thus offers a peer-to-peer solution that allows to establish authentic relationships and support potential students in their choice of university or course of study.

MCI is part of the European University Alliance Ulysseus comprising eight Universities from all over Europe: the Universities of Seville, Côte d'Azur, Genoa and Montenegro, Košice University of Technology, Haaga-Helia University of Applied Sciences in Helsinki and Westfälische Wilhelms-Universität Münster. Together we are a strong international, research-driven entrepreneurial network and offer our students a wide variety of courses, mobility and engagement opportunities with society.
