SUSTAINABILITY IN AGRI-BUSINESS INNOVATION AND SUSTAINABILITY IN AGRI-BUSINESS

BEAUVAIS

PARIS

ANGERS

A learning  
expedition in a  
world-power  
agriculture country

Provide your students with transdisciplinary skills and knowledge to reach their ambitions. ESSCA School of Management and UniLaSalle Institute Polytechnique have put together their expertise to provide a co-developed program in agri-business, in 3 cities.

- > Teaching, course related field excursions and cultural visit to enjoy the best that France has to offer
- > A full package including courses, accommodation, transportation and activities

# Discover 2 French Higher Education Institutions

ESSCA School of Management

UniLaSalle Institut Polytechnique

Founded in 1909, ESSCA School of Management prepares its students through a five-year program to become managers in marketing, finance, and management in an international environment.

ESSCA has been granted five « labels » of excellence: Conférence des Grandes Écoles, the Master's degree, the EPAS certification, the AACSB accreditation and the EQUIS accreditation. In 2022, ESSCA ranked 60th in the Financial Times ranking in 2022.

UniLaSalle is a Polytechnic Institute resulting from the merger of five engineering schools and the creation of a veterinary school. At the heart of the challenges of transition, it is designing a new generation of Grande Ecole which unites the sciences of Life, Earth, Environment and Energy with industrial sciences and digital technologies.

UniLaSalle is a center of higher education in earth, life- and environmental sciences.
